

It All Adds Up – Meet Mike and Maureen Daly

Mike and Maureen Daly know their numbers. Daly & Daly is a Tax, Accounting and Financial Service business, located just down the street from the Bank. Convenience is important, but the personal relationship is even more important. The Daly family's connection with State Bank of Belle Plaine dates back to the 1930s, with Mike's grandfather; and then Mike's Dad continued the relationship with the Bank. Now,

the 3rd generation - Mike and Maureen - continue to grow Daly & Daly with new services and financial expertise for their customers. The Bank provides services for their personal and business needs. Maureen and Mike appreciate the commitment and investment the Bank makes into the community. Maureen especially enjoys the convenience of online banking. We appreciate this long-standing relationship and are happy to have the Daly's as our neighbors!

"My relationship with State Bank of Belle Plaine began over 40 years ago, when I was a young boy. I trust Mike Ludvik, Paul Gatz and the staff at SBBP. Being part of a small community, we especially appreciate the confidentiality and respect they show for our personal and business relationship."
